“ Bob and Eileen:
We were so sorry to hear of Aly's death. We remember her from when you all lived next door to us and what a sweet girl she was. May God bless you and your family during this time.

“ I met Aly two years ago when she first started working at target. My first thought when I saw her name was that it was the coolest and most unique name ever. I was the first person at target to get her name right and we immediately became friends. So many times we talked about how we were meant to be best friends. She wasn't my family by blood but my family by choice. She was such a sweet, confident, and amazing human being. I can't wait to one day tell my little girl about the amazing person she was named after. Aly was my best friend and I am so blessed to have known her. Thank you Shelley for creating such a fantastic human being. I will forever remember her.

“ Aly was one of my favorite cousins. She use to spend alot of time with me and my annoying but fun kids. Aly use to come over, get bugged by my kids then would ask to leave, but before she left she would ask to come over the next day. Aly will always be loved and never forgotten. Love you Aly.
