“ Lu Hart was an amazing lady. She travelled the world (even Antarctica) with her husband John. She was a loving and caring mother and grandmother, and welcomed her children's friends. That's how I've known her for 18 years. She was the elegant host. In later years she loved to read books on her Kindle, and she would crochet pullover beanies for unknown people in need from all around America. She was a gentle but strong and fearless lady. I will miss her smile and her charm and her perfect posture. I am honored that she considered me a friend.
