“ Jack, and the Emerson's were a large part of my life! 30 years ago Jack would take me all over the country racing bicycles.. He really enjoyed when we went to Reno. While there he made a parlayed bet on March madness college ball! Of course he won!! Jack, Jacob, and I would go to Maxfield's satellite betting, or out to the dog track. I would give him every dollar in my pocket, and have him bet it all. I don't recall ever leaving without a win.. Luckiest man I've spent time with! Confidence! Wit! Luck, Sarcasm...I inherited all of those? except the Luck... Thank you for everything!!

“ Jack was an inspector on several of our projects - but he was more than that, when we needed advice - I had Jack's number and called him - he gave more than his expertise - he gave of himself, his humor, his wit and yes his sarcasm! I wanted the family to know, I respected him immensely and he will be missed. From your friends at WyCO Wind and Solar, Scholl Industries and the Cadillac Ranch Bar. So Sorry for Your and Our loss.
