“ Thought of Kathy today, she and I worked at Nextcare Urgent Care. We had our vent discussions as we opened the clinic before anyone would arrive. She was such a hoot and had the biggest heart! She could never keep a secret because she couldn't ever lie to anyone! She would always call me a "dork" when I made silly mistakes or made her laugh. I miss her. My Mom always says, "God takes the best and leaves the rest!" Rest well my friend, love and miss you!

“ I worked with Kathy for a few years at Frontier Medical working side by side as a phlebotomist and have known her ever since. My husband had the pleasure of working with her when she worked at CRMC. We last saw her at the Urgent Care when we took our kids there. We went to her viewing today as we are unable to attend her burial tomorrow. I will always remember her sarcastic humor, her love of Mountain Dew and sunflower seeds and her laugh. Oh that laugh.... She loved her sons dearly and will be missed. I can say this was really a shock to us and touched us deeply. Our thoughts and prayers are with your family. We are so lucky to have been part of her life.

“ Dear Family it's never easy to have someone leave us. We all must think of something good in the past and something funny to hold on to. We can remember a trip to Disneyland and had invited the two youngest children of Jim's sister to go with us. We wanted a family trip with our young daughter and for her to have some playmates. We thought it was a good idea until both girls started to fight all the way and back. So Paul the brother to Kathy was put in between the girls and hoped the fighting would stop. No it didn't happen and poor Paul took the brunt of the fighting. We did have fun at Disneyland and those are some good memories. It's hard when someone you love gets sick and can't control the healing. So remember the fun times, the holidays, birthdays, etc. etc. We send our Love to all of you involved in this loss. Kathy is okay now and with her family in heaven. We will always remember her and love her dearly.

“ I did not know Kathy well, but she was always so kind and friendly. Her son is a close friend and our hearts and prayers are with the family during this sad time.
