“ Thank you so very much Ruth. You have no idea how much this meant to me or how I needed to be able to say goodbye. What a wonderful way to be able to share this final time with her. I thought the service was very nice. Although I'm not sure Sis would have approved of some of the music. Lol

There was more people there correct?

The older gentlemen is her father and the person in the blue shirt is her son Joshua correct? And the 2 girls?

Sis and I go way back and shared a lot of memories I will forever cherish. I will truly miss her But I never forget her. I think I'll buy a Tye Dye.

Love you Sister.

“ I went to CHEYENNE CENTRAL BACK IN THE 70s with Lesli. I lost touch with her until last year when she contacted me through Facebook. We had some interesting conversations over the last year, and I'll miss her wit. I'll see you again, my friend! So sorry for the loss to her family.

“ I grew up across the street from Lesli. Whenever I came into town to visit my parents she would always make it a point to come outside to say hi to me. She told a lot of stories and somehow we got on the subject of oreo cookies and how she loved to get the seasonal oreo cookies. I was so sad to hear of her passing. Now, I will have to get the seasonal oreo cookies myself to remember and honor her! I wish I could have known her better though. It just will not be the same going home and she doesn't come out to say hi anymore. She will be greatly missed. My deepest sympathy to her son and her family.

“ I never got to meet Lesli face to face. But we chatted all the time on Facebook messenger and in our mutual group for one of our fave shows. She will be so missed! My heart is broken

“ Lesli was such a nice person. I liked visiting with her when she worked down the hall from me. She was always genuinely interested in what was going on in my life and especially loved when I brought my Corgi, Jack, into the office. She was so pleased when she bought her brand new car...I was so happy for her. My condolences to her family and friends. May she Rest In Peace. I'm sad to know I won't be running into her again. Rest easy, Lesli, you are missed

“ Lesli was my first cousin. We lived far away from each other except for when they lived in Independence for a few years. We reconnected ten years ago after my mom passed and again after Aunt Rocky passed. I am so thankful I got up to Cheyenne to see her and Uncle Bruce a couple of times these last three years. Mant times we'd talk on the phone about the Chiefs and when we were little. She'd talk about her parents, brothers, her son, grandkids and being a great-grandmother (we couldnt imagine either one of us ever being that). She bragged on her neices being great gals. She was close to both her sister-n-laws and very complementary of each. She talked about Josh her son, grandkids, and first great-grand child. I really thought I'd see her this summer 2021 when coming up to stay for a long weekend. The thing I remember most about Lesli, even when we were little, she had such an "even temperment" so easy going and sweet. Not me ... nope I have the Haston temper lol. She'd just seem so calm and just talking to her calmed me. She had a great laugh which always made me laugh too. These are the gifts she left me and will be in my heart and memories.

“ 30 years of memories it's hard to pick just one. She always knew which jokes would get the best reaction. She could make me laugh till I cried. She always had time for everyone and KNEW everyone.
